13.10 Officer Reports – Infrastructure & Works

13.10.1 Manager – Infrastructure & Works Report

Author: MANAGER INFRASTRUCTURE & WORKS (DAVID RICHARDSON)

Date: 5 DECEMBER 2024

Roads Program

Maintenance grading works will continue throughout the municipality.

Pot holes in both sealed and unsealed roads are being addressed as resources allow. Council has engaged the services of a jet-patching contractor to address some of the defects in the sealed surface areas throughout the municipality.

Culvert cleaning and drainage works are underway in various areas and will continue as weather permits. The focus on roadside drainage has proven to be invaluable during the high rain events and potentially contributed towards the level of resilience that has been observed throughout the road network.

A number of sealed roads have been identified that require edge break repairs to be undertaken, these works have commenced.

Various large potentially dangerous roadside trees have been removed throughout the road network.

Current Capital Works

White Kangaroo Rivulet Road – resheeting of this section of Road has been completed with minor drainage works still to be undertaken.

Interlaken Road upgrade works are progressing well. AWC are currently working around the 10-11km area from the Midlands Highway with drainage and verge widening. A distance of 6 kilometres is scheduled to be sealed on 16th to 18th December 2024 (weather permitting). This leaves approximately 2 kilometres to complete early in the New Year with the aim of concluding the project by end of January 2025.

Reseal programme dates being confirmed following the appointment of the successful contractor.

Bagdad shared walkway works continue and are nearing the Chauncy Vale Road junction which is the end point for this stage (although may be extended depending on project expenditure to date).

Callington Park new toilet works are advancing but works will not be completed prior to year-end.

Parks and Reserves

Maintenance of recreation grounds, parks and playgrounds ongoing as required but recent rains have again increased workload.

Annual sports grounds maintenance works will be commencing shortly –top dressing, verti-draining and fertilizing as required.

Building Services Unit

Construction of toilets at Callington Park.

Site preparations for the Barbecue facility to be installed at the Oatlands Aquatic Centre.

Christmas / New year Period

Confirmed employee rostering over the Christmas / New-year period. There will be a skeleton crew working (other than public holidays) and an employee will be on-call seven days per week.

Planned Works

- Roadside Slashing Programme – 2 Contractors – commenced in the Tunbridge and Campania district
- Drainage and pavement repairs various roads;
- Continue Interlaken Road upgrade works (nearing completion);
- Continue footbridge/pathway works Bagdad;
- Continue planning of works for Kempton-Mood Food Pathway;

Weeds Officer Report, Mary Smyth

18th November – 3rd December 2024

Enquiries/feedback

A report-a-weed enquiry was satisfactorily resolved: the resident had noticed a new thistle in their paddock and was wondering if it was Star thistle. Thankfully, it was not. Good photos supplied enabled a quick resolution on identification and control methods.

More reports of Patterson's curse have come in: follow up as time allows. One such report involved quite a bit of back and forth (phone calls/emails/texts) but has been well resolved with a contractor found to do the work and the landowner happy to pay.

A referred enquiry regarding whiteweed along TasRail lines coming in on ballast has resulted in a new contact at TasRail and some proactive interest on TasRail's behalf. Again, quite a few phone calls and follow-up required here.

Site visits

Total = 14+

Matzoo Lane, Tea Tree inspection revealed some Chilean needle grass and a single seeding Serrated tussock inside the fenceline of a SMC border property. All CNG and ST

removed along roadside, property owners visited to show them the ST plant for future reference (see Communication).

Isolated roadside infestation of Chilean needle grass on Native Corners Road visited and 46 plants removed. The owners of the land adjacent were phoned with a friendly reminder to spray the small patch of plants on their side of the fence.

Inspected Howletts Road but was unable to find any Chilean needle grass along it. I did dig out an isolated clump of *Agapanthus* in a roadside drain though...

Footpaths near the telephone exchange, Reeve Street Campania, inspected for Chilean needle grass (both sides of the road). None found.

Spraying of gorse and broom continued along the Dulverton Track near Hawthorn Bay, using the Quik Spray unit.

Shown around the main thistle patches in Chauncy Vale Wildlife Sanctuary by Graham Green, spraying Spear and Slender thistles as we went. Graham has done an excellent job in getting the thistles down to a manageable level, but the work is not finished yet! Californian thistles need spraying mid-December.

I was in the area, so I watered all the new plants at Mangalore Recreation Ground. 1 Banksia has died, 2 Cypress plants and 3 Swamp gums have been stolen.

Watered all the remaining 2024 seedlings at the Kempton Oval Mounds. All the Banksias and Hakeas have died, but everything else is okay.

Experimenting with the eradication of a patch of Carrot weed on the shore of Lake Dulverton. Most of the patch sprayed with one herbicide; the rest will be sprayed with another type (once the rain/wind stops).

Numbers in brackets = CNG plants removed. Lowdina Road (27), Brown Mountain Road (34), Reeve Street (0), Barton Vale Road (14) and Brodribbs Danby Road (8 + two clusters for follow-up spraying) inspected prior to slashing of roadsides. Much fewer than last year's tally.

Communication

A package of pamphlets and other information on Chilean needle grass and Serrated tussock sent to property owners at a Tea Tree address where a new infestation of Serrated tussock found. The owners have offered to talk to their neighbours down the road (outside SMC) about these two Weeds of National Significance.

Received accurate identification of a couple of grasses (thanks to Matt Baker at the Tasmanian Herbarium in Hobart). The first was found during some Serrated tussock survey work at Spring Hill (it looked like a small, grazed flat ST) and it turned out to be a wallaby grass (*Rytidosperma geniculatum*). The second grass was the unknown plant in the drain at Pontville: this turned out to be Kentucky bluegrass (*Poa pratensis*). Matt is putting both specimens into the collection so detailed location data was forwarded to him.

A weed contractor phoned seeking supporting action from Council regarding a patch of Chilean needle grass on some Crown land in the Coal Valley. A visit to an adjoining property has been organised so I can view the problem and contact the Crown Lands department ASAP.

Another weed contractor phoned to pass on the discovery of a new infestation of Serrated tussock near Campania (>20 plants). This will be mapped and all plants chipped out ASAP.

Corresponding with State Growth weeds officer regarding Patterson’s curse (us) and CNG (them).

Related and extra-curricular activities

A request to the depot manager for a deep hole to safely dispose of bags of weeds/seeds was swiftly executed. Bags are still being filled and will be until the season is completed and the hole filled in.

Along with 220 other people, spent a very interesting lunchtime viewing a webinar on Myrtle Rust. This particular pathogen is not in Tasmania (yet) but I was interested in how it is affecting plants on the mainland. Myrtle rust is from South America and was first detected in Australia in 2010. It has had a particularly devastating effect on some rainforest species. Salient precautionary points from Carol Booth, one of the presenters (very relatable to weeds issues too):

1/ Prevention is paramount. (Environmental pathogens are generally not treatable: we import too many seeds etc.) 2/ If something is eradicable, pursue it quickly and with gusto! 3/ In policy, environmental consequences are mostly different to agricultural consequences.

Weeds Action Fund – Stemless thistle and serrated tussock

At the tail end of the stemless thistle season, the lessee made himself, his ute and a single reel spray unit available and a good 5.5 hours was spent driving to all known infestations (and a couple of new ones) to spray any remaining plants. 231 plants sprayed.

Received all the photos taken by the contractors on their two-day “further afield” survey of Spring Hill. Co-ordinates on ST found during a walk around the Core Zone forwarded to the landowner for follow-up spraying by a separate contractor.

Weed of the Week

Tree mallow and Prickly lettuce so far this month at Oatlands front office.

RECOMMENDATION

THAT the NRM Unit Report be received and the information noted.

16.1.1 Bagdad Community Club Inc. – Community Club Precinct – Transfer of Ownership to Southern Midlands Council

Author: GENERAL MANAGER (TIM KIRKWOOD)

Date: 4 DECEMBER 2024

Attachment(s):
Business Case

ISSUE

To:

- a) provide Council with an update following the conduct of the Community Meeting held 24th November 2024; and
- b) confirm the proposed project plan to achieve transfer of ownership of the Precinct to the Southern Midlands Council.

BACKGROUND

Council, at its last meeting held in October 2024, resolved to:

- a) *note and approve the proposed amendments to the ‘Terms of Reference’ for the Bagdad Community Precinct Management Committee; and*
- b) *acknowledge that a community meeting is to be held (date to be confirmed), which will be jointly convened by the BCC Management Committee and Council for the purpose of informing the community regarding the proposed transfer of ownership of the Precinct to the Southern Midlands Council and the terms associated with the transfer;*

Prior to that, at its Meeting held in February 2024, Council resolved as follows:

“THAT:

- a) *The information be received;*
- b) *Council agree ‘in-principle’ that ownership of the Bagdad Community Club property should be transferred to the Southern Midlands Council for the following reasons:*

- a. *In the absence of any substantial Council owned property in this area, with Council investment it is ideally positioned to provide for the long-term needs of the community in terms of community and sporting infrastructure; and*
- b. *Council ownership of the property provides a more sustainable management structure with the intention to establish a Special Management Committee under the provisions of the Local Government Act 1993 to ensure and maintain local community input (the Committee include a representative from each user group)*
- c) *'In-principle' agreement to receive ownership includes a commitment that the property would be classified as 'Public Land' (as defined in the Local Government Act 1993) and it is Council's aim to develop the property in accordance with the Master Plan (prepared by Lange Design); and*
- d) *Council, in conjunction with the Bagdad Community Club Management Committee, proceed to undertake the necessary consultation to achieve the objective of transferring ownership; and*
- e) *Following the consultation process, a further report be provided in relation to any issues that may arise and the proposed transition arrangements."*

DETAIL

Council, in conjunction with the Bagdad Community Club Management Committee, conducted a community meeting held on 24th November 2024. Approximately 30 people were in attendance, and were presented with the proposal to transfer ownership and the terms and conditions associate with the transfer. The terms primarily relate to:

- Transfer ownership for a peppercorn amount; and
- Agreement relating to the Terms of reference for the Special Committee that will be established under section 24 of the *Local Government Act 1993*. This Special Committee is focussed on maintaining community involvement and input into the future management and operation of the Precinct.

No person that attended the meeting were opposed to the proposal to transfer ownership.

In terms of where to from here, Councillors may recall that the following process was endorsed by Council at its meeting held in July 2024:

- a) Finalise the roles and responsibilities of the Council Management Committee to be established under section 24 of the *Local Government Act 1993* (refer draft attached);

Note: Section 24 of the Act provides the following:

24. Special committees

- (1) *A council may establish, on such terms and for such purposes as it thinks fit, special committees.*
- (2) *A special committee consists of such persons appointed by the council as the council thinks appropriate.*
- (3) *The council is to determine the procedures relating to meetings of a special committee.*

- b) Seek formal agreement of these terms and conditions with the BCC Management Committee. This stage would include an information update to the community;
- c) Call for expressions of interest from within the community to be representatives on the Council Management Committee. Council to formally appoint;
- d) Prepare Contract for transfer of ownership and finalise;
- e) Obtain fresh valuation of the property which will be required for the purpose of calculating stamp duty payable on the transfer of ownership;
- f) Prepare / amend the Lease agreements that are currently in place (i.e. Zelda’s Bar & Bistro; Bagdad Child Car Centre; and the Bagdad Golf Club Inc.); and
- g) Following formal transfer of ownership, provide ongoing support to the Management Committee to progress the identified priorities.

Steps (a) and (b) have now been completed.

Prior to progressing with the remaining steps, it would be appropriate for the Management Committee of the Bagdad Community Club Inc. to record a further decision at its next meeting to confirm its decision to transfer ownership having reached agreement on the terms conditions and consulted the community with no adverse feedback.

Human Resources & Financial Implications – An indicative operational budget (under Council ownership) was provided to the Council Meeting held July 2024. However, this may be irrelevant given that an application for significant funding has been submitted under the Government’s Growing Regions Program. If successful, the Budget will be consistent with the Business Plan prepared in association with the above application.

A copy of the Business Plan is included as an attachment.

Community Consultation & Public Relations Implications – Refer detail provided.

Policy Implications – N/A

Priority - Implementation Time Frame – The transfer of ownership will be progressed as a priority.

RECOMMENDATION

THAT:

- a) **The information be received; and**
- b) **Council acknowledge the remaining steps to secure ownership of the property will be progressed accordingly.**

16.2.2 Woodsdale Recreation Ground (PID 5839745 – C/T 10138/1) – 2578 Woodsdale Road, Woodsdale - Sale of Property

Author: GENERAL MANAGER (TIM KIRKWOOD)

Date: 4 DECEMBER 2024

ISSUE

To provide Council with an update in response to the offer provided to the ‘Woodsdale Recreation & Community Hub Inc.’ regarding the possible transfer of ownership of the Woodsdale Recreation Ground to that organisation.

BACKGROUND

Reference is made to the decision made at the Council Meeting held 23rd October 2024. The following is an extract from the Minutes:

“THAT:

1. *Council confirm the following offer to be submitted to the Woodsdale Football Club Inc. or the newly created Incorporated Entity (subject to finalising the public notification and sale of public land process):*
 - *Along with transferring ownership of the property to the Woodsdale Football Club Inc. (or the newly created Incorporated Entity), Council to provide a ‘one-off’ non-refundable grant amount of \$45,000 (less deductions referred to below). Council’s contribution will be contingent upon the Woodsdale Football Club Inc. (or the newly created Incorporated Entity) providing confirmation that the external sources of funding have been secured to enable upgrade of the facility to a standard that is consistent with its expectations and achieves compliance with the Building Code of Australia and other applicable legislation.*
 - *Transfer the property for a peppercorn amount (say \$1.00).*
 - *Stamp Duty to be paid by Council and deducted from the one-off grant (estimated value of \$1,222.50)*
 - *The property is to be sold on an ‘as is where is’ basis and from the date of transfer Council will cease to have any responsibility for future maintenance (e.g. mowing; building maintenance; waste removal); insurance or other costs associated with the property (e.g. electricity);*
 - *Each party to engage their own legal representative and meet the associated legal costs (excluding stamp duty payable on the sale transaction);*
 - *Following completion of the upgrade to be undertaken by the Woodsdale Football Club Inc. (or the newly created Incorporated Entity), and subject to the property being used as a recreation ground for the purpose of playing organised sport, Council will provide an annual operating grant of \$1,000 (to be indexed by the annual Hobart March CPI percentage to be applied for the following financial year);*
 - *The Club will be liable for annual service charges and levies only, with an entitlement to be exempt from the General Rate.*
 - *The Woodsdale Football Club Inc. (or the newly created Incorporated Entity) would be entitled to a part premium reimbursement for Public Liability Cover relating to the property under Council’s ‘Donations and Community Support Policy’. (50% of the policy premium capped at \$500.00)*

- *The Woodsdale Football Club Inc. (or the newly created Incorporated Entity) would still be entitled to make application for any financial assistance through Council's Community Small Grants Program;*
 - *Should the ground cease being used by the Woodsdale Football Club Inc. (or the newly created Incorporated Entity), then the property is to be sold. As a 'not-for-profit organisation' it is likely that the Club's constitution provides direction for its resources should the Association be 'wound-up'. In this relation to this, Council would seek to have the net sale proceeds returned to the Southern Midlands Council for re-distribution within the local community.*
2. *This offer must be accepted (or rejected) 'in-principle' by no later than 30th November 2024 or the offer is to be withdrawn and Council will then determine the preferred method of disposal at that time; and*
 3. *If the offer is accepted 'in-principle', then the transfer of ownership is to be finalised by the end of April 2025 (unless an extension of time is mutually agreed by the parties). This includes the requirement for the Woodsdale Football Club Inc. (or the newly created Incorporated Entity) to provide confirmation that the external sources of funding have been secured to enable upgrade of the facility to a standard that is consistent with the Football Club's expectations and achieves compliance with the Building Code of Australia and other applicable legislation."*

DETAIL

Councillors are advised that the following Email (address to the General Manager) was received on 25th November 2024:

"Good Afternoon

The Woodsdale Recreation & Community Hub Committee are willing to accept the offer of taking ownership of the Woodsdale Recreation Ground.

*Thank you
Geoff Young
Toni Cowle"*

This Email was acknowledged together with a request to provide the names of all Committee Members. A response had not been received at the time of finalising the Agenda.

Note: A search of the Incorporated Association System confirms that the Name 'Woodsdale Recreation & Community Hub Inc.' has been submitted however an Incorporation Number has yet to be allocated. This probably indicates that the application is still being assessed. In addition, the ASIC 'Organisation and Business Names Register' does not include any reference to the 'Woodsdale Recreation & Community Hub Inc.'

The above search does provide access to a copy of the Constitution (as submitted) and in particular, it is noted that the Dissolution Clause is inconsistent with the offer determined by Council.

The WR&CH Inc. Constitution states:

13. DISSOLUTION

- (a) In the event of the dissolution of the Committee all funds and assets shall be sold with the funds donated to local non-for-profit organisations at the discretion of the Committee.

Council's offer specified the following:

- *Should the ground cease being used by the Woodsdale Football Club Inc. (or the newly created Incorporated Entity), then the property is to be sold. As a 'not-for-profit organisation' it is likely that the Club's constitution provides direction for its resources should the Association be 'wound-up'. In this relation to this, Council would seek to have the net sale proceeds returned to the Southern Midlands Council for re-distribution within the local community.*

Whilst Council's interest specifically related to the property (as opposed to any other funds that the Association may have accumulated), the existing wording of the Dissolution Clause does not require any funds to be returned to Council. Although it does stipulate that the funds will be donated to 'local not-for-organisations'.

Timeframes

Having accepted the offer 'in-principle', the second milestone aims to finalise the transfer of ownership by the end of April 2025 (unless an extension of time is mutually agreed by the parties).

The transfer of ownership is however dependent on the newly Incorporated Association providing confirmation that the external sources of funding have been secured to enable upgrade of the facility to a standard that is consistent with the Football Club's expectations and achieves compliance with the Building Code of Australia and other applicable legislation."

Sale and Disposal of Public Land Process

In relation to the 'Sale and disposal of Public Land' process, Council will recall the decision made (by absolute majority) at its meeting held 25th September 2024:

"THAT:

- a) *.....;*
- b) *in accordance with section 178 of the Local Government Act 1993, Council resolve (by absolute majority) to sell the Woodsdale Recreation Ground property (PID 5839745 – C/T 10138/1);*
- c) *the General Manager proceed to–*
 - *publish this intention on at least 2 separate occasions in a daily newspaper circulating in the municipal area; and*
 - *display a copy of the notice on any boundary of the property that abuts a highway; and*

- *notify the public that objection to the proposed sale be made to the general manager within 21 days of the date of the first publication.*
- d) *Council confirm its intention that the net proceeds from any sale of the property be reinvested in the Woodsdale Community Hall.”*

The notice of intention to sell public land was published in the Mercury newspaper on two occasions and a copy of the notice was displayed on the boundary of the property.

At the end of the 21 day objection period, no objections or representations were received.

In accordance with section 178 of the *Local Government Act 1993*, Council is now in a position that it may sell, lease, donate, exchange or otherwise dispose of this public land.

Under this proposal, Council is effectively donating the land. Based on the recent government valuation of \$60,000 for the entire property, this would be the amount recognised as a donation to the organisation and reported in Council's Annual Report.

Having said that, any decision to confirm transfer of ownership may be premature at this point, pending confirmation that the terms and conditions associated with the transfer of ownership can be satisfied by the 'Woodsdale Recreation & Community Hub Inc.'

Development Application

The remaining issue relates to the need for the Woodsdale Recreation & Community Hub Inc. to submit a Development Application. This will be necessary to confirm the actual conditions that would be included in any Development Approval, and hence, determine what the compliance requirements will be.

As this is a pre-requisite to the transfer of ownership, it follows that the Southern Midlands Council, as the property owner at the time of lodgement, will need to provide consent for the lodgement of the Development Application (i.e. sign the application form).

As a final comment, recognising that the Southern Midlands Council is the owner of the property and there have been extended discussions over a considerable period of time, it is suggested and recommended that any Development Application be referred for external assessment and report (as opposed to being assessed internally by Council officers).

Human Resources & Financial Implications – refer comment above.

Community Consultation & Public Relations Implications – refer comment above.

Policy Implications – N/A.

Priority - Implementation Time Frame – Refer milestones mentioned in the report.

RECOMMENDATION

THAT:

- 1. the information be received and noted;**
- 2. Council specifically seek an amendment to the 'Dissolution Clause' contained within the Woodsdale Recreation & Community Hub Inc. Constitution to clearly state that the net proceeds from the disposal of the property (i.e. land and**

buildings) be returned to the Southern Midlands Council for re-distribution within the local community; and

3. Council recommend to the WR&CH Inc. Committee that it review the entire Constitution to:

A) Correct a number of issues, including (but not limited to):

- i. Inconsistency regarding the name of the Association and the property;**
- ii. spelling errors**
- iii. delete reference to the Southern Midlands Council (and Council's Facilities & Recreation Committee) when there is no need;**

B) reconsider the suitability of the Constitution for this type of organisation given that it appears to have been based on the 'Terms of Reference' normally used for a Special Committee of Council.

1. PURPOSE

The Southern Midlands Council continually strives to provide the safest possible working environment. The introduction of body worn cameras (BWC) for Council staff (where deemed appropriate and necessary) further contributes to this commitment.

The primary purpose of a BWC is to securely capture and store quality evidence via audio and/or visual recording.

2. OBJECTIVE

The Policy's objectives are to ensure:

- The correct use of BWC by staff of the Southern Midlands Council.
- That all staff that have access to either the BWC equipment or the data contained within, or captured by the device, comply with legislative and policy requirements.

3. SCOPE

Council employees may commence BWC recording in the following circumstances unless there are legal reasons not to do so:

- When an employee could be reasonably expected to act in an enforcement capacity;
- When an employee decides to use statutory powers;
- Prior to entering any privately owned land, including building, in order to search those premises;
- When an employee believes an interaction presents, or is likely to present a risk to the safety of the employee or other person

Employees are not required to verbally announce the fact that they are recording an interaction, however may use their discretion to do so. Making a verbal announcement may, in some circumstances, assist to calm a volatile situation.

4. POLICY

When responding to an incident involving contact with a member of the public, in line with policy requirements, employees should commence recording at the earliest possible opportunity in order to maximise the opportunities to capture evidence. Best practice should involve activation of recording shortly before arriving at the destination. The decision to stop recording rests with the individual employee. However, employees should be satisfied that, in making the decision to stop recording, the risk of not capturing evidential material is minimised.

BWC is an additional tool, and does not replace existing requirements, procedures or policies in respect of recording statements or declarations.

17.1.2 Policy Development – Private Works Policy (Draft)

Author: GENERAL MANAGER (TIM KIRKWOOD)

Date: 5 DECEMBER 2024

Enclosure(s):

Private Works Policy (Draft)

Attachment(s):

Tasmanian Audit Office – Report of the Auditor General No 3 of 2023-2024 (Private Works undertaken by councils)

ISSUE

Adoption of Policy relating to the undertaking of private works.

BACKGROUND

The Tasmanian Audit Office has recently undertaken a performance review relating to private works undertaken by Councils.

A copy of the Report is included as an attachment.

The review evaluated the following criteria:

1. Are private works processes transparent and consistent?
 - Have councils established policies and/or practices to manage private works?
 - Are decisions to undertake private works consistent and/or compliant with policies and procedures?
 - Is a dispute resolution process in place?
 - Do councils manage conflicts of interest in relation to private works?
2. Were councils' private works fees and processes compliant with relevant legislative requirements?
 - Have councils established transparent fees and charges schedules?
 - Have councils complied with the National Competition Policy?

DETAIL

The report contains a number of findings and recommendations (applicable to all or most Councils):

- 1) Councils that undertake or may undertake private works establish private works policies that:
 - i. are publicly available
 - ii. establish clear and transparent decision-making processes
 - iii. outline or reference existing dispute resolution and conflict of interest policies.

- 2) Councils implement appropriate controls to ensure compliance with private works policy requirements.
- 3) Councils that undertake or may undertake private works establish a list of fees and charges and make these available for public inspection.
- 4) Councils apply the Competitive Neutrality Policy and associated guidance to their private works activities. This includes regularly documenting their reasoning as to whether private works is a significant business activity.

Specifically in relation to the Southern Midlands Council, the report includes the following references:

- Approximate private works revenue in 2021-22 of \$370,000 (\$168K revenue from other government entities & \$202K from private entities)
- Private works policies and process – one of thirteen councils which undertook private works and had other procedures, forms, or other policies for the management of private works, although these did not fully meet our expectations.

Central Coast, Derwent Valley, Dorset, Sorell, Northern Midlands and Southern Midlands Councils had internal forms which were not sufficient for various reasons. While Central Coast, Derwent, and Northern Midlands forms required approval by a council officer, they were not accompanied by a policy outlining who had delegation to approve private works. Dorset, Sorell, and Southern Midlands forms did not require approval. Derwent Valley did not fully complete the form for the one private works project it undertook.³¹ Dorset, Northern, and Southern Midlands did not complete a form for all tested private works projects.

- Decision-making processes – one of eight councils who were not fully compliant with internal or publicised decision-making processes.

The Southern Midlands Council had internal forms which were not sufficient for various reasons. Firstly, they did not require approval and secondly, a form was not available for all tested private works projects.

Compliance with the *Local Government Act 1993* and the National Competition Policy

Councils had largely not complied with the 2 key compliance requirements relevant to private works in the 2021-22 financial year.

***Local Government Act 1993* compliance**

The *Local Government Act 1993* requires councils to establish a list of fees and charges for private works, which must be made available for public inspection.

Eleven had some combination of approved fee schedule or documented method for calculating private works charges, but they were not applied consistently or did not cover all the kinds of private works being undertaken.

Five councils – Brighton, Central Highlands, Flinders, King Island and Southern Midlands Councils – had established a fee schedule which covered and was applied to some private works projects. However, the schedule did not cover all private works projects.

National Competition Policy compliance

Tasmania’s Competitive Neutrality Policy requires councils to consider whether their activities constitute significant business activities. The national competition principles should be applied to significant business activities unless there is sufficient public interest in not applying the principles. Guidance from the Department of Treasury and Finance requires councils to document their reasoning as to whether an activity could be a significant business activity, given the judgement involved in making this determination. No council had documented its reasoning as to whether its private works were a significant business activity.

All 29 councils that undertook private works had not documented their consideration of whether these works constituted a significant business activity.

Discussion

In the first instance, a draft ‘Private Works Policy’ has been drafted which is aimed at addressing the majority of the recommendations within the report.

In respect to the compliance with the National Competition Policy, Councillors will note that the draft Policy indicates that all private works undertaken by council will be evaluated and assessed against the principles of competitive neutrality as outlined by the Department of Treasury and Finance. This is an interim position whilst a more formal assessment is being undertaken and a further report will be submitted to the Audit Panel.

In respect to the fees schedule, it is not practical to document a fee for each type of activity that may be undertaken given the variables involved. It follows that the fee will be based on the following calculation:

- Actual wages, plus 45% on-costs
- Plant & machinery – nominated charge rate which applies to all Council works
- Actual cost of Materials (if applicable)
- Actual cost of subcontractors (if applicable)
- Actual cost of any sundry items
- All of the above costs are then sub-totalled and a 20% administration charge is applied;
- GST is then applied to the amount inclusive of the administration charge.

RECOMMENDATION

THAT:

- a) **The report be received and noted; and**
- b) **In accordance with Council’s Policy making process, the draft Private Works Policy be tabled and considered for formal adoption at the next meeting.**

ENCLOSURE
Agenda Item 17.1.2

Council Policy
PRIVATE WORKS - POLICY

Approved by: Council
Approved date:
Review date:

1. PURPOSE

The purpose of this policy is to provide a framework for performing private works that is applicable to everyone, transparent, objective and consistent.

2. SCOPE

This policy applies to any work undertaken by the Southern Midlands Council upon agreement with a landowner, on private lands and/or public lands which is outside the responsibility of Council. This policy applies to hire of Council resources such as items of plant and equipment (P&E) and/or other goods and services that council may provide.

3. OBJECTIVES

The Council's objective is to:

- a) have a consistent and transparent approach in the provision of private works and associated costs for the work; and
- b) ensure that the Council undertakes private works that is consistent with anti-competitive requirements of the *Trade Practices Act 1974* and the no advantage requirements of the *Local Government Act 1993*.

4. POLICY

Priority for use of Council's plant, equipment, labour and other resources is to be given to Council's own work program at all times, before entering into a private works arrangement. It is Council's preference that all private works be undertaken by private contractors in the first instance.

Council reserves the right to refuse a request for private works if it is deemed to be outside of Council's capabilities, resource availability or for any other reason deeming the works unachievable by Council.

Major Private Works

Major Private Works will only be considered in the following circumstances:

- There is no private contractor available to undertake the work; and
- The project would be of strategic economic, social or environmental benefit to the community; and
- The Staff and Council have the capacity to engage in the project; and
- It may provide a valuable training opportunity for the Staff.

Major Private Works with an estimated valued over and above \$20,000 (excl. GST) will require the consent of Council by resolution.

Minor Private Works

Minor Private Works with an estimated valued at or below \$20,000 (excl. GST) will require the consent of the relevant Department Manager

Plant Hire

- Council will not hire plant without an approved Council operator and in accordance with this Policy.
- Council is responsible for the payment of Council operators engaged on private works. No other payment arrangements are permissible.
- Where Council agrees to undertake Private Works and the works are not on private property engaged directly by the land owner, the hirer shall have adequate public liability insurance to cover the activities of the hired plant. Evidence for that insurance and permission of the land owner must be provided to Council prior to commencement of the works.

Scope of Works

- A scope of works is to be included with estimates and quotes for all private works.
- The scope of works for Minor Private Works must be clearly outlined, including the works to be undertaken, permits required, estimated quantities of materials to be used and a timeframe in which the work is to be carried out.
- All scopes of works for Major Private Works must include design drawings, specifications where appropriate and all permits required to be provided to Council prior to commencement of works.

Costings

- Where a Major Private Works project has been approved, it is desirable that the project be undertaken on a 'do and charge' basis with an agreed schedule of rates provided prior to the commencement of works.
- Where a Major Private Works has been approved, and a quotation is to be provided, then the quotation must be in writing and must be accepted by the applicant in writing prior to the commencement of works. A quotation shall be valid for 30 days only, after which an updated quotation will be provided on request.
- Where a Minor Private Works project has been approved, an estimate of costs will be provided.
- All estimates and quotes provided are GST exclusive.
- Hire rates for Council plant must comply with Council's external plant hire rates.
- A minimum charge rate of one (1) hour plant hire for each machine engaged will apply to private works.
- Hourly rates for staff must include on-costs for wages.
- Where plant / equipment is hired outside of normal working hours, the applicant will be charged the operator time or penalty rates as prescribed in the relevant Award and Council's Enterprise Agreement.

- All private works fees are to be charged based on the following formula, unless a variation is approved by the General Manager due to special circumstances:
 - Actual wages, plus 45% on-costs
 - Plant & machinery – nominated charge rate which applies to all Council works
 - Actual cost of Materials (if applicable)
 - Actual cost of subcontractors (if applicable)
 - Actual cost of any sundry items
 - All of the above costs are then sub-totalled and a 20% administration charge is applied;
 - GST is then applied to the above amount which is inclusive of the administration charge.
- Quotations may include a contingency.
- Variations to scope may incur additional charges to the original quote and must be agreed to in writing by both parties before commencing the additional works.

Council Employees, Elected Members, Volunteers, Consultants and Contractors

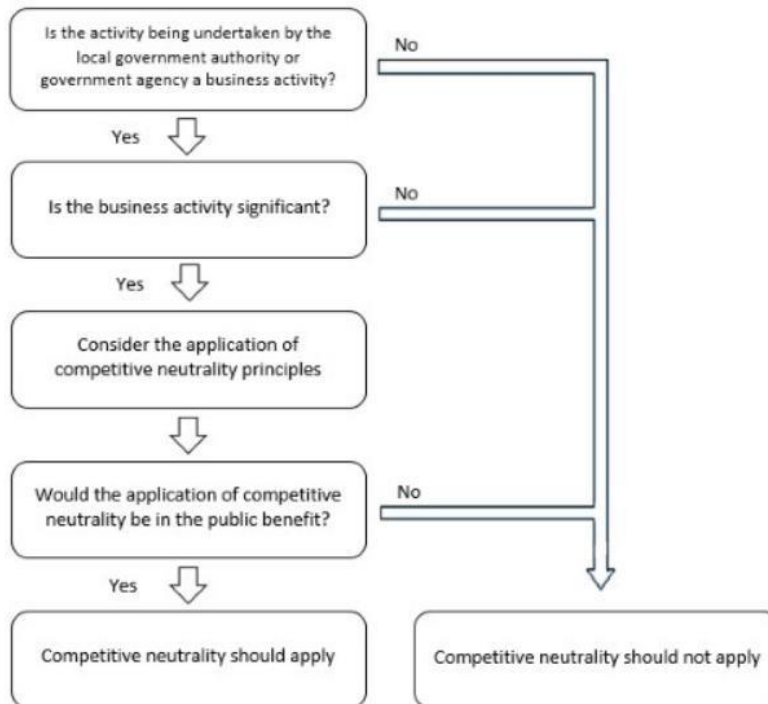

- Council employees, elected members, volunteers, consultants and contractors must pay the same rates and charges for private works that would apply to anyone else.
- All other rules contained within this policy also apply to any Council employees, elected members, volunteers, consultants and contractors requesting private works.
- Council employees, elected members, volunteers, consultants and contractors must not gain an advantage over the general public; for example, they cannot get an advantage in relation to GST, or purchase items on Council's accounts to gain a corporate discount.
- Council employees, elected members, volunteers, consultants and contractors will not receive favorable payment terms.
- Applications for private works for Council employees, elected members, volunteers, consultants and contractors must be approved by the General Manager or a Department Manager (*refer to Internal Private Works Request form*).
- Applications for private works for Department Managers or the General Manager require the approval of Council.

Payment

- Upon completion the relevant Department Manager will arrange for the private works to be invoiced.
- Payment terms are 30 days.
- The applicant is responsible for paying the invoiced amount in full by the due date.
- A deposit or milestone payment maybe required for Major Private Works.

Competitive Neutrality

All private works undertaken by the council will be evaluated and assessed against the principles of competitive Neutrality as outlined by Treasury and the Office of the Tasmanian Economic Regulator (OTTER). These key principles will determine whether proposed private works are constituted as a significant business activity and therefore competitive neutrality should apply. Where competitive neutrality does apply the Council will document their reasoning behind taking on the proposed works.

Dispute Resolution

Council recognises the importance of dispute management as part of its quality customer service and its core business of serving the community. Members of the public have various avenues to raise issues with Council and will be actively supported during this process.

Whilst most problems can be resolved through initial communication with Council Officers, there may be occasions where members of the public wish to make a formal complaint. Formal complaints lodged with Council will be assessed in accordance with our Complaints & Grievances Policy.

RE: RATE REBATE 2025

Dear Tim,

Following our meeting with you on Tuesday 18th February 2020, we are formally writing to you seeking a rate rebate for the Oatlands District Historical Society Inc.

We are a not-for-profit organisation providing a service to many historians, authors and researchers, both local and Australia wide. We have also developed a tourism information service to our business, thus hopefully offering tourists a better experience of our town and surrounds.

Our museum is one of the few attractions in Oatlands that is open seven days a week, and we have received many favourable comments from local, interstate as well as international visitors.

In light of the above, we would greatly appreciate the Southern Midlands Council's assistance in the above matter, keeping in mind their assistance in the past.

Kind regards

This is deemed to be eligible expenditure under the Grant Program, however if the applications are unsuccessful, then all amounts will be reported as ‘Capital Works-in-Progress’ and carried until such time as external funding is secured or a Budget is allocated by Council.

\$25.00 Per Lesson	Private Lessons – Individual Booking	\$27.50 Per Lesson
\$16.50 Per Lesson	Term Lesson Programs	\$16.50 Per Lesson

The recommended changes reflect the following comments:

- Delete the individual ‘Gym and Pool 10 Visit Passes’ and just have the Pool or Gym Combo 10 Visit Pass Option
- Increase the casual adult entry fee for the Gym so it is line with the Pool and makes the 10 Visit Pass worth purchasing
- Change Family Memberships from Pool Only to a Centre Membership so that parents can either access the Pool or the Gym
- Offer a recurring option in Pool Membership for direct debit payments
- Increase the Private Lesson fee to be consistent with the increased fee for normal lessons (as approved previously).

Human Resources & Financial Implications – the recommended charges are aimed at ‘streamlining’ the entry options. The recurring membership option will avoid the need to write to all members at the end of each 6 month period to confirm renewal.

Community Consultation & Public Relations Implications – The revised fee structure is based on community feedback. In particular the change to the Family Pass.

Policy Implications – Nil.

Priority - Implementation Time Frame – Effective form 1st January 2025.

RECOMMENDATION

THAT the revised fees be approved and the Schedule of Fees and Charges updated accordingly.
